ON
INSURANCE ADVERTISEMENTS
(Updated upto 31.08.2019)

IRDAI/LIFE/CIR/MISC/189/10/2019
16th October, 2019
VER-02
1. **Background:**

1.1 The success of insurance sales communication depends on public confidence and the faith they repose in the insurers, when they receive a communication from Insurers promoting their products. As such, the Insurers are expected to adopt fair, honest and transparent practices in the market-place and avoid practices that tend to impair the confidence of the public. As it may be difficult for the public to understand and evaluate the inherent details in the various insurance products, it is of paramount importance that the publicity material is relevant, fair and in simple language enabling informed decision making about whether or not to buy a specific insurance product. The verbal communication that the prospects receive from the agents/intermediaries can be supplemented by the written material that is made available to them and also serve as authentic reference material.

1.2 With the above background, this Master Circular is issued under Section 34 (1) of the Insurance Act, 1938 read with Section 14 (1), 14 (2) (e) of the IRDA Act, 1999, to protect the interests of the insuring public, enhance their level of confidence on the nature of sales material used and ultimately encourage fair business practices. They are to be considered as the minimum standards to be adhered to, in addition to compliance with the IRDA (Insurance Advertisements and Disclosure) Regulations, 2000 (hereinafter referred to as ‘Advertisement Regulations’) and the code of conduct prescribed by the Advertisement Standards Council of India (ASCI) and any other laws, regulations as applicable. These provisions reinforce the extant regulations on all promotional communications with policyholders/prospective policyholders or targeted market segment with the objective of soliciting insurance business or otherwise.

2. **Categories of Advertisements:**

For the purpose of these provisions an advertisement may be classified into two types:

Any inclusion of product names or information about the products, performance of the companies or their funds, or the information about the product launches constitutes insurance advertisements as defined in para 2.2 below.
